Kits

[image]

Scourge walked into his alleyway, his long claws scraping against the cold and hard cement ground.

"Another day of killing and offerings. I wish something would change or at least make things more interesting."

Scourge slid under a dumpster and was getting ready to sleep till something or someone interrupted him.

"Scourge you there?" Bone asked.

"Yes i'm here, what do you want?"

"Well there are some cats protesting again, what do you want me to do?"

"Kill them! Now let me sleep!"

"Umm Scourge there is a lot of them, me and Brick aren't enough."

"Ugh! I'm coming! But after this, i'm going to sleep got that!"

"Calm down kitty, come on"

Scourge and Bone walked out of the alleyway and headed to an abandoned building where they saw cats yelling and chanting something.

"We all have equal rights! We all have equal rights! Gay or lesbian we all have equal rights!"

"Do they ever stop?"

"Sorry Scourge but nope"

"Ugh! Ok let's handle this nicely but if they refuse to leave we can

start are killing spree"

"Yes Scourge"

"Ok shut up! We know you don't like the new rule but it's for my own safety! Oh and Bone's to I guess. So pack it up and go home!" Scourge yelled.

"We rather die than leave!" A cat yelled.

"Scourge should we attack?" Brick asked.

"I guess"

"Wait! Can the cat's that don't want to stay no more leave?" A cat asked.

"Sure but u got 3 seconds!"

More than half the cat's left leaving about 10 cats standing strong.

"Bone, Brick. Attack!" Scourge yelled.

Brick scratched a bunch of cats then leaving them to bleed out. Bone tackled and choked out the cats. Scourge jumped on the cat's and stabbed there eyes out to make it easier to kill them.

"Brick clean up this mess!" Scourge ordered.

"What about me?" Bone asked.

"I don't know do whatever!"

"Ok"

Scourge walked away and headed to his dumpster. "For my own safety? Did I really say that in front of those protesters? They're all dead but Bone and Brick still heard me. I just need to sleep."

Scourge swept under his dumpster and let his eyes close fanding into a deep sleep.

...S.....e.

...sc....ge..
Scourge
SCOURGE!

"AHH!" Scourge yelped.

"Sorry Scourge but i'm here to give you the morning report!" Bone said.

"How do you manage to wake up so early!?"

"I don't know"

Scourge's head popped out from under the dumpster.

"Ok tell me the report," Scourge ordered.

"Fang took over the hunting group, no fights yet the pet building just threw away fresh dead fish...

Scourge was bored out of his mind and stared at a bus caring two legs to keep himself occupied until he realized Bone stopped talking.

"What did you say?"

"Bloodclan is getting worried that when you die there will be no one to take care of Bloodclan and there will be cat's who will try to take over Bloodclan"

"Why should I care what happens after I die?"

"Scourge....we will fall apart when you die...do you really want that?"

"...no....but what do you want me to do about that?"

"You have to find a mate or have kits that can take over when you die"

"So you want me to sleep around with random she-cat's?"

"I-i didn't mean that.....well.....that or we can find some kind of kit

related to you?"

"You mean by blood? I don't know Bone even if we find someone i'm not looking after the thing"

"You can ask Brick"

"I guess...new job for you. Do you know my father Jake? He has been sleeping around so i'm sure we can find some kits"

"Yes Scourge"

Bone headed off to the nearby village of two-leg homes.

"Ok so find a she-cat who has had kits with Jake."

Bone jumped on a fence and peered down to see if any kits were there.

A Siamese cat walked out with 3 kits following.

Bone watched for a while before confronting the cat.

"Hello there!"

"Who are you?!"

"Answer my question first. Is Jake the father of those cats?" Bone said pointing to the 3 kits hiding behind there mother.

"Yes they are but why do you need to know that!" The cat hissed.

"I'm one of Scourge's cats and I have to take your kits sense there blood-related to Scourge"

"I've heard about you. I thought Bloodclan was just a myth but I guess not....you will not take my kits!"

"I'm authorized to do so. It doesn't matter what you want. If you don't give them to me i'll kill them and try a different house"

"Why does Scourge want them!"

"When he dies we need someone to look after Bloodclan but we need blood relation"

"Lilly, Midnight, and Rusty go inside!" The she-cat said.

"I will fight you if you don't get off my territory now!"

"Do you really want your kits to see you dead while a strong and handsome guy takes them away?"

"You seem full of your self!" The she-cat said getting into a lunge position.

"Honestly I would give them away. They can die or live. Give them to me and they live but if you don't.."

"Can I just have a couple of days with them? A good mother wants what's best for her kits and I want to prepare them for the separation."

"If you promise not to run away. But I think you wouldn't even try due to the Bloodclan cat's patrolling"

"Y-yes. I guess i'll see you in a few days?"

"You will" Bone said as he jumped on the fence and headed to a familiar alleyway.

Alleyway

[image]

Bone walked into an alleyway only for the important cats in Bloodclan. He jumped on a dumpster and waited.

"Will Brick really take care of those kits? We haven't seen her in a while, wonder what she's been up to"

Bone looked up when he heard claws scraping the ground.

"Hi Scourge"

"You're here early, did you already find some kits?"

"Yeah but i'll be collecting them in a few days"

"What do you mean?" Scourge asked raising an eyebrow.

"The mother will be giving her kits to me in a couple of days but don't worry about her escaping, this week patrol will be frequent by the two-leg home's"

"If you say so..." Scourge said as he sat down in the middle of the alleyway.

"Have you seen Brick? I haven't seen her in a while"

"No I haven't but she has to come today or i'll send a patrol team out," Scourge said.

"Scourge? Bone?" A voice said causing the two toms to jump.

"Brick! Where have you been!? I have important news to tell you!" Scourge said.

"Hold your tongue Scourge, I have to tell you something" Brick said laying down.

"What is so important?" Scourge asked.

"I'm pregnant and I have to step out of Bloodclan for a while," Brick said.

"Why do you have to stay out of Bloodclan?" Scourge asked.

"You made a rule that if food is low we can eat any kits that are newborns" Brick sighed.

"I made that rule?!" Scourge asked looking at Bone.

"Yeah you did"

"Oh. I'm sorry Brick I guess I made that rule when I was...you know.....new to um....being leader" scourge said looking down.

"What did you have to tell me?" Brick asked.

"It won't matter now but I was hoping you could watch some kits for me?"

"Yikes! Umm, i'm leaving tomorrow morning but I could watch them tonight?"

"What?! Tomorrow?! I won't get them by tonight!"

"Well I don't know what you're going to do but don't go on a killing spree like you always do when your mad *cough* every day *cough*," Brick said.

".....Bone?"

"If I watch the kits they will start talking about catnip and other stuff we don't talk about" Bone laughed.

"So I have to watch them?"

"Yeah but you can handle it!" Bone said jumping down and licking Scourge's head.

"I know you can" Bone whispered into Scourge's ear then jumped back on the dumpster.

Brick smiled and Bone decided to take a nap.

"I hate you guys," Scourge said.

"Yeah sure but if we died right now you would probably be freaking out!" Brick laughed.

"No, I wouldn't...WAIT A MINUTE!" Scourge yelled jumping up and facing Brick.

"Who is the father?" Scourge asked.

"Ummm I can't tell you" Brick sighed.

"Why?"

"You might kill me," Brick said getting up.

"You don't get to leave if you don't TELL ME!" Scourge yelled and stopped his one white paw on the hard cement floor.

"Promise me you won't kill me?!"

"I promise"

"Well, you know how your siblings visited a couple of weeks ago? I mated with your brother but only cause I can't have kits with.... she-cats. I'm dating Sharpclaw, Scourge i'm....a....she-cat lover"

Loyalty

[image]

"You're a she-cat lover?! What!" Scourge said backing away from Brick.

"Scourge please don't be mad!" Brick said getting closer to Scourge.

"Get-get away from me!" Scourge yelped, waking up Bone.

"What's going on?!" Bone said looking at Scourge and Brick.

"Scourge are you scared of me?!" Brick said getting closer to Scourge.

"Get away from ME!" Scourge said jumping on the dumpster and hiding behind Bone.

"Your scared of me cause i'm a she-cat lover aren't you?" Brick said getting a look of disgust and anger on her face.

"Just stay away from me!" Scourge hissed.

"After everything I've for you you repay me with this!" Brick yelled, her green emerald eyes full of fury and hurt.

"Scourge just calm down," Bone said.

"No! Bone get me away from her! Now!" Scourge said pulling on Bone's tail.

"Brick just umm lay down for a bit while I handle him," Bone said picking up Scourge and caring him out of the alleyway.

"How could she! With my brother out of anyone not to mention a she-cat lo-"

"Scourge stop, rant when we get to your dumpster!" Bone said glaring at all the cats looking at them and whispering things.

"But Bone! I can rant if I want to, I'm the leader of this hell place!" Scourge. Said. "Scourge you're just causing a scene, I don't want cats to judge you," Bone said.

"Fine!" Scourge pouted.

Bone smiled to himself.

"This cat can still act like a kit sometimes. I just need to take care of him sometimes"

"Ok Scourge were here now why are you so upset at Brick? Is it cause she's a she-cat lover?"

"Not really but she SLEPT WITH MY BROTHER!" Scourge hissed and scratched the ground.

"That's why you acted like that?" Bone asked raising an eyebrow.

"Yeah, so wha- oh! Did I overreact?"

"Well yeah I mean it's just your brother"

"You don't know do you?" Scourge said tilting his head to the side.

"Know what?" Bone asked.

"Nothing!" Scourge said about to enter his dumpster but Bone grabbed Scourge by his tail and pulled him to him.

"What the hell BONE! THAT FUCKING HURT!"

"Tell me!"

"No!"

"Tell ME!

"NO!"

"TELL ME!!"

"NO!!"

"TELL ME NOW OR ELSE YOUR GONNA REGRET IT!"

"You wouldn't understand!"

"What do you mean?"

"You're not small! You wouldn't understand!" Scourge yelled at Bone scratching his face.

"Ow! Ok, I got the message, I hope you feel better" Bone said walking away.

"Bone i'm sorry!" Scourge yelled out but Bone just ignored him.

"I'm sorry" Scourge whispered.

"He was just trying to help you! But...he wouldn't understand....would he? No! He's the last person that would understand you! Then again....he never doubted me before. Why haven't I started my killing spree yet?

Scourge slid under his dumpster and fell asleep.

"Bone are you ok?!" Brick said noticing her friend looking gloomy.

"I'm fine," Bone said as he turned his face revealing a deep scratch on his face.

"What happened?!" Brick said running up to Bone.

"Nothing happened, leave me alone!" Bone hissed.

"Scourge did this didn't he?"

"Don't hurt him" Bone said then walked away.

"Bone your to loyal"

Bone or Scourge

[image]

Bone walked to his alleyway. He went to the corner of the alleyway since he's too big to sleep under a dumpster.

"I wonder how it feels to be Scourge. Is it really that hard? And how small is his- Stop thinking dirty!"

Bone curled up and closed his eyes.

"I wonder how it feels to be Scourge"

"I wonder how it feels to be Bone"

"Big or small?"

"Small or big?"

"I wish things were more interesting here"

Scourge jolted hearing sirens going off.

"Why am I not under my dumpster and where's Bone?"

Scourge stretched then notice his large black and white paws.

"What the hell?! Why are my paws like this and why are they so large?!"

Scourge snapped out of thought when he heard a high pitched scream.

Scourge ran to the sound, running faster than normal.

"What's going on!?" Scourge said as he entered his alleyway.

"Bone?!"

"Scourge?!"

"I'm not Scourge i'm Bone who are you?!"

"I'm Scourge!"

"I'm confused!?"

"Bone your in my body but i'm in yours?!"

"How did this happen?!"

"Don't ask me but Bone what are we gonna do? Should we tell someone?!"

"No! Cats will find out then try to take your spot!"

"So we're stuck like this?"

"Yeah but it can't be forever will it?!"

Bone went silent and started playing with his paws.

"Bone! Do you know what this means!? It means your in charge!"

"Shit umm dose that mean I have to do everything you do?"

"Yeah! And I have to do everything you do"

"What do you do first?"

"Morning Report"

"Then?"

"Take offerings and deal with problems, that's all"

"I think I can do that"

"What do you do?"

"Morning patrol, morning report, clan check-in, guarding, night patrol, check on y- I mean uh go to sleep!" Bone said.

"Bone i'm not stupid what were you going to say?"

"I don't have to tell you actually!" Bone said getting strict.

"Bone! I demand you to tell m-"

"You wouldn't understand!" Bone said glaring at Scourge.

"Bone you did not just use my word against me!"

"I want to be alone go do the morning patrol now!" Bone ordered.

Scourge walked out of the alleyway and started going around Bloodclan territory.

"Hey Bone!" A she-cat's voice said.

Scourge looked up and saw a beautiful black cat with white on her front paws, ears, tail, and chest along with dark brown eyes.

"Hi?"

"Oh don't tell me you forgot about me already?"

"Um I have to keep patrolling"

"Maybe this will refresh your memory!"

The she-cat jumped on Scourge and pinned him to the wall then pressed her muzzle against his.

"Do you remember now?"

"Uh I have to go seriously"

"Fine but you meet me here at midnight after you tuck in that bitch of a leader!"

Scourge just stared at her in shock realizing Bone had a mate and was talking bad about him.

"Oh, Bone i'm sorry! I forgot you don't like me saying that!"

"I have to go!" Scourge said pushing the she-cat away.

"So Bone doesn't talk bad about me...but..he has a mate? Why am I so sad all of a sudden! I need to go to him and confront him about it!"

Scourge raced to his alleyway and pounced on Bone.

"Ok Bone tell me WHO IS SHE!"

Task

[image]

"Tell me Bone who is SHE!"

"Who is who?!"

"Don't play dumb with me who is that black and white she-cat!?"

"What?!"

"Bone! I'm serious who was that!"

"That was my ex she lingers around Bloodclan watching me"

"What? Why didn't you tell me you had an ex?!" Scourge asked getting off of Bone.

"I didn't know that I had to tell you everything about my life!" Bone hissed.

"Well of course I want to know about it! How do I get her to leave?"

"I'll send a patrol out to kill her like I should've done in the first place" Bone said.

".....Why did you break up with her?"

"She was very clingy and she's pretty big for a she-cat besides I like smaller cats"

"Y-you like what!?"

"Smaller cats" Bone replied again.

"Oh! That's a surprise.." Scourge muttered.

"Hey, Scourge should I start your task?"

"Yeah i'll go uh let the cat's in"

"Wait Scourge!"

"Yeah?"

"Be careful, I haven't told you this but a lot of cat's that come to you aren't that friendly so you need to prepare to attack at any time"

Scourge stood there shocked that cats tried to kill him. That made him remember every time he had a lot of visitors Bone had another scar added to his body.

"Is that why you have so many scars mines the one on your face?

"Yeah but that doesn't matter just please be careful!"

"I'll try to" Scourge said as he saw a huge line of cats.

"I need to give Scourge an offering!"

"What is it?"

"A birds skull"

"Go ahead," Scourge said stepping aside.

"Scourge I have a gift for you"

"What is it?"

The she-cat dropped the bird's skull on the ground.

"I was also wondering.....are you going to choose a mate anytime soon?"

Bone looked at her in shock wondering what to say.

"Maybe but we'll see"

"Yes, Scourge," The she-cat said leaving.

"Bone I have a problem that Scourge needs to deal with!" A gray tom said.

"What's the problem?"

"No offense but I need to talk about it alone with Scourge"

"I'm his deputy I need to know as well"

"I'm sure Scourge will tell you later but I need to go threw please"

Scourge hesitated then stepped aside.

"Scourge the hunting ground is being blocked off by some rouge! It doesn't seem to know anything about Bloodclan or you...it killed my mate and kit can you please take care of him?"

"I'll grab Sc- I mean Bone and we'll head there," Bone said jumping down from his dumpster.

"Thank you so much Scourge!"

Bone walked up to Scourge and whispered in his ear.

"Scourge we have to go kill a rouge, you need to hiss really loudly as to scare or tell the cats to leave" Bone ordered.

Scourge nodded and turned to the cats. He took a deep breath then hissed with all his might. The hiss was as loud as thunder and even scared him a little. The cats fled in a flash leaving just Bone, Scourge, and the gray cat.

Bone smiled at Scourge then turned to the gray cat.

"You said he was at the hunting ground?"

"Yes Scourge"

Bone walked to the hunting ground and saw a big cat but not as big as himself when he was in his body.

"Is that a forest cat I smell? I hope it's that cat I met when I was a kit. If it's another forest cat then I'm gonna chew my tail off.."

Scourge saw a different forest cat and looked like he just killed a mouse.

"What are you doing in Bloodclan territory?!" Bone asked.

"I'm not telling you nothing until I know who leads this place!"

"I do!" Bone said hissing.

"Are you sure it's not that one behind you?" The rouge said pointing to Scourge.

"What are you doing here?" Bone hissed.

"I came so I can catch a few meals and I guess now...I have to take over this hell place!" The rouge said getting closer to Bone.

"You step away from him!" Scourge suddenly blurted out.

The rouge pounces on Bone grabbing him by the collar. Bone scratched an eye out not knowing what to do. Scourge jumped on the rouge pinning him on the ground then clamped down on his throat then ripped it open.

"You ok?" Scourge asked looking at Bone lying on the ground.

"Yeah i'm fine, we took care of that problem now go!" Bone ordered to the gray cat.

"Thank you Scourge!" The gray cat said giving Bone a quick hug then ran away.

Bone looked at Scourge to see him glaring at the cat with anger in his eyes.

"Hey Scourge you ok?"

"What!? Oh uh yeah, let's just go back!" Scourge said quickly turning away.

"Ok!" Bone said and walked in front of Scourge.

Tom Lover

[image]

"Did that cat have to put his arm's around Bone? I know it was a hug but still! Why do I even care?"

"Scourge are you ok?" Bone asked.

"What! Yeah, I'm perfectly fine, why you ask?"

"You stopped walking and you looked angry."

"I just want to be back in my body, I miss being small."

Bone looked at Scourge with shock and concern in his eyes.

"But Scourge, you always complained about being small?"

"I complained mostly so you could pick me up.," Scourge mumbled.

"I didn't catch that, sorry."

"It's nothing, you have to go back to solving problems."

"Scourge I want to know!" Bone hissed as he sat down refusing to walk.

Scourge rolled his eyes and picked up Bone.

"Scourge! I'm a leader I demand you to put me down now!" Bone hissed and squirmed around trying to break free.

Scourge ignored Bone's hissy fit and continued to walk on. Bone eventually gave up and just watch the cars pass by each other. Once they entered Scourge's den Scourge placed Bone on the dumpster and headed off to guard.

A few hours later

"That was the last one.....Bone." Scourge said looking around for any cats.

"Really? Your job is easy." Bone laughed.

"Don't get too comfortable we still need to figure out how to switch back."

"I wanna know what caused it. If we know what caused it then maybe we could reverse it." Bone suggested.

"Yeah, what was the most frequent question cats asked you?"

"When are you gonna find a mate and when are you gonna stop all the protesters." Bone said.

"I'm never getting a mate and the protesters won't stop even when I kill some of them, most of the strongest Bloodclan cats are in there."

"You could kill all the cats we don't need?"

"No, I need as many cats as I can an case of emergency."

"What kind of emergency?" Bone asked flicking his tail.

Scourge shifted his paws and looked away from Bone.

"If someone tries to overthrow me." Scourge lied.

"Well that's what the heir is for, you need to pick up those kits I found for you tomorrow." Bone said.

"But I don't know which house!" Scourge huffed.

"It's the first one, why are you so nervous?"

"I don't like to talk to anyone outside of Bloodclan. Especially alone." Scourge whispered the last part.

"Do you want me to come with you?"

"Yes! Please do! I mean..if you don't mind?" Scourge blushed.

"Ha! Even though we're in the opposite body's I will always be your bodyguard. Trust me no one will get to you!" Bone smiled.

"W-what did he just say?! Why am I getting so flustered!? Oh no. Am I a....a
.....a Tom lover?!"

Aggressive

[image]

"Hey Scourge you good?" Bone asked.

"Y-yeah I'm perfectly fine."

"If you say so, it's getting late you should turn in."

"Why?"

"Cause you-oh right your me so you still have night patrol." Bone sighed.

"Is there anything else you do?"

"No that's it."

"I can do that, you should get sleep."

"But it feels weird that I'm going to sleep before you!" Bone sighed.

"How?"

"I don't know it just does!"

"Just go to sleep!" Scourge said pushing Bone under his dumpster.

"Be careful please!" Bone yelled as Scourge walked away.

"Be careful? I'm always careful! Actually, I take that back. Hopefully, I don't see that she-cat again.

Scourge walked around Bloodclan's territory. There weren't as many cats out and if there were they fled when they saw Scourge.

Scourge was almost done with the potral until a filmier face showed up.

"Hey Bone, glad you showed." The she-cat smiled.

"Leave me alone!" Scourge yelled.

"Why the hate? I just wanted to bring you a present." The she-cat then started backing Scourge into an empty alleyway.

"I know you don't like me cause of my size but I'll show you what I can do that smaller cats can't."

The she-cat started licking Scourge's neck. Scourge was paralyzed and just started at the she-cat. She then pushed Scourge so that he was laying on his back and the she-cat was on top of him.

"WHAT IS GOING ON HERE?!" A voice yelled. It was Bone.

"GET OFF OF HIM!" Bone yelled running up to them.

The she-cat got off of Scourge and hissed at Bone.

"Why are you here tiny kit! Shouldn't you be with your mom!" The she-cat hissed.

"Very funny Priscila. Leave Bone alone!" Bone hissed.

"Bone! Did you tell him about me?!" Priscila yelled.

"He did and he told me how much of a hoe you are!" Bone yelled.

"You fucking bitch!" Priscilla ran at Bone with her claws out. Bone ran to her but then ducked under her and ran beside Scourge.

"Bone kill him! You and I could rule Bloodclan together!" Priscilla said.

That angered Bone. He jumped on Priscilla's back and bit the back of her neck. Priscilla screamed and kicked off the small leader. Scourge jumped catching Bone in his mouth. Scourge was really angry now. He put Bone down and tackled Priscilla.

He slashed at her face, shoulders, legs, and neck until she was a pile of guts and bones.

"Bone are you ok?!" Scourge asked licking Bone.

"I-i'm fine." Bone said.

"Why were you out here?"

"I wanted to make sure you were safe." Bone sighed.

"I'm glad you did." Scourge said and picked up Bone.

He carried Bone, Bone seemed to be purring.

"Is Bone purring?! He purrs?! I'm so glad he came when he did or it would've escalated."

"Bone please sleep." Scourge said pushing Bone under a dumpster.

"Go straight to my alleyway then!" Bone ordered.

Scourge left and ran to Bone's alleyway. He laid down in the corner.

"I feel kinda bad for Bone. He's too big to fit under a dumpster or a box. I can't sleep for some reason! I need to do something."

Scourge got up and walked around Bone's "den". He saw there were a lot of claw marks on the walls and red paw prints too. He found a stash of mousses behind some trash cans.

Scourge thought Bone had been hinding them but looked around for bones and found none.

" where are the bones? Wait are those the mouses Bone gives me? He gives me a mouse every day and I just assumed he caught some in the early morning."

Scourge stopped exploring the den but still couldn't go to sleep. He then looked at the patters on Bone's body. One thing led to another and before he knew it he was studying Bone's member.

He studied it for a long while until he realized what he was doing.

"What is wrong with me?! Why am I touching now!? And why do I want this to go inside of my original body!?"

Scourge pulled his hands away and laid on his stomach so he

couldn't do anything else to it. He slowly fell asleep dreaming of things that made him get a boner.

Pick up

[image]

Scourge woke up early and started doing the morning patrol. He saw a lot of cats protesting, cats killing dogs, Fang guiding the patrol group, and saw the pet store throwing away dead cats.

"I think this may be enough information for Bone. We really need to get rid of those protesters. There causing way too much ruckus."

Scourge padded into his alleyway and peeked under his dumpster. He saw Bone but he was grabbing on to Scourge's member.

"Why is he touching my member? I touched his but....dang he's really grabbing on to it. Is Bone gay? If he is then it explains his collar. I don't want to wake him but I have to."

"Hey Bone wake up." Scourge said.

"Huh. OH SHOOT!" Bone quickly let go of Scourge's member.

"Heyyy Scourge w-what's up?" Bone said stuttering.

"I'm here to give the morning report!" Scourge said pretending to not have noticed what Bone was doing.

"Oh y-yeah! I'll be right out." Bone said.

Scourge pulled his head out and waited for Bone.

"How did Scourge not notice me holding on to his Dick?! Unless he was pretending. I don't want him to find out that I'm gay he will kick me out of Bloodclan if I tell him!"

Bone swept out from under the dumpster.

"I'm going, to be honest, I didn't go everywhere in Bloodclan territory. It got boring so yeah."

"Great job Scourge! You didn't do your job right!"

"Wait you're ok with it? Your not upset or mad about it?"

"Yeah I'm totally fine with it-of course I'm upset! You're on double patrol now."

"Come on! I got lazy ok!"

"Scourge this is Bloodclan we don't get lazy."

"Well, I do," Scourge mumbled.

"What did you see?"

"Cats protesting, cats killing dogs, Fang guiding the patrol group and the pet store throwing away dead cats."

"Dead cats? That's weird."

"Yeah, what do I have to do today?" Scourge asked.

"Today we have to go pick up your heir. Maybe we should do it now before cats line up to see you, I mean me."

"Agreed. Where is the house?" Scourge asked.

"Just follow me." Bone instructed

They padded out of Scourge's alleyway and into the streets. Bone lead Scourge to the two-legs fences. Bone had to jump a couple of times to get on the fence and while Bone was doing that Scourge was laughing at him.

"You think this is funny huh?"

"I-i'm sorry Bone but you're just Haha!"

Bone glared at Scourge then finally manages to get on the fence. Bone jumped on the first house's yard and Scourge followed.

"Ok cat come out!" Bone hissed.

The Siamese cat poked her head out of a dog door and sighed. She came out and was followed by 3 kits.

"Good Girl." Bone sneered."

"You brought Scourge?" The she-cat hissed.

"Just in case you didn't hold out the deal." Scourge hissed.

"Will they survive in Bloodclan?"

"Maybe." Bone shrugged.

"Here take them you filthy animals!" The she-cat hissed pushing the 3 kits forward.

"Mommy, what's going on?" The orange tabby kit asked.

"Your going to go with these cats." The mother sighed.

"Why?" A black and white kit asked.

"I already told you! So you guys can rule Bloodclan when Scourge dies."

"Who's Scourge?" Another orange tabby kit asked.

"I'm Scourge." Bone said.

"Your small and what kind of name is Scourge?"

"I'm small and don't judge my name!" Bone hissed and grabbed the small kit then threw him across the yard.

"Did you kill him?" Scourge asked.

"I dunno." Bone said.

"You just threw my kit! You monsters!"

"Is Rusty ok?!" The other orange tabby asked.

Bone walked over to the no moving kit. He nudged it and poked at

it.

"He's dead." Bone said.

"He's what?!" The mother and the kits yelled.

"We're done here. Scourge grab the tabby I'll grab the black and white kit." Scourge ordered.

Bone picked up the tabby and Scourge picked up the black and white kit.

"Mommy! Mommy! Help!!" The tabby meowed.

Scourge jumped on the fence and onto the other side of the fence. Bone jumped up in one try and met up with Scourge. They walked to Scourge's alleyway and set down the kits.

"What the fuck Bone! Why did you kill Rusty?!" Scourge yelled.

"He was mocking you! He said you were small and your name was stupid!" Bone yelled back.

"Why should you care?"

"Because I'm your friend and I care about you!" Bone said.

Scourge starred at Bone for a while with an expressionless face. "What are we going to do with these kits now?" Scourge finally said.

"You were supposed to take care of them but I guess I have to now. Bone said looking at his tail.

"I'll help you when I can." Scourge said looking at the paralyzed kits. He flicked his tail making the kits flinch.

"Scourge I don't know. Your very busy and the only time you have is really at night." Bone said.

"Then I'll watch them while you sleep."

"Are you sure?"

"Yep." Scourge said smiling a little.

"We should hide the kits, for now, the clan will probably try and kill them, but if food grows scarce...." Bone said.

"There's a small box underneath my dumpster, can you grab it?" Scourge asked.

Bone nodded and ran over to the dumpster. He crawled under the dumpster and looked for the tiny box. He saw the tiny box and grabbed then pulled it.

Bone tried pushing it out but it got stuck. "Umm Scourge can you help?" Bone asked.

"Bone you just have to push it out!" Scourge said.

"I tried but it's stuck!" Bone yelled.

"Ugh! Fine, I'm coming." Scourge said then picked up the two kits and put them in the corner. "Don't. Move." Scourge growled.

"Are you at the box yet?" Bone asked.

"Now I am. Bone push really hard and I'll pull." Scourge ordered. Bone pushed as hard as he could while Scourge pulled as hard as he could.

The box popped out and Scourge fell back while Bone fell forward so that now his head was poking out of the dumpster.

Scourge scrambled to his feet and rushed over to Bone. "You ok?!" Scourge asked panicking.

"I'm fine." Bone said getting up. Scourge picked up Bone placed him next to the kits and ran to get the box.

"Here's the box now what?" Scourge asked.

"Put the kits inside and tell them the rules of Bloodclan." Bone said.

Scourge picked the kits up and placed them in the box.

"What's your name?"

"Midnight." The black and white kit said.

"Lilly." The orange tabby kit said.

"I'm going, to be honest, you are not that safe here. Cats will try to eat you." Scourge pointed to Bone. "You are only safe if you're with me or Scourge." Scourge said.

"Wait I thought you were Bone and he was Scourge," Lilly said Pointing at Scourge.

"Shut up Lilly!" Midnight hissed.

"I would listen to your brother." Bone said.

"But my brother is stupid and he's a scardy cat," Lilly said.

"BOO!" Scourge said jumping on them.

"Eep!" Lilly yelped and curled into a ball.

"Pussy cat." Bone said.

"What are you guys going to do with us!?" Midnight asked getting braver and facing the two cats.

"Were just going to toughen you up and keep you safe." Scourge said.

"Who's the leader again?" Lilly asked.

"He is." Scourge said Pointing at Bone.

"You two need to stay in this box until we let you out." Bone ordered. The kits nodded. "Bone follow me." Bone said then walked away from the box.

"Go guard." Bone ordered.

"You need to watch the kits-"

"I'm only taking a couple of gifts and problems." Bone said.

"Wait Bone!"

Bone stopped and looked at Scourge. "Yeah?"

"Your not hurting right? Like are you feeling pain?" Scourge asked.

"No why?" Bone asked.

"It's nothing.

"Ok?" Bone walked up to his dumpster and jumped up to it.

"Here we go." Bone said to himself.

"That was the last one... Bone." Scourge said.

"Scourge we need to do something about the protesting. Cats are saying some of the protesters are getting physical and well won't stop until I say I'm on their side." Bone said.

"Why did that cat kill a gay couple?" Scourge asked cocking his head

"Don't do that it makes me look weak."

"You didn't answer my question!" Scourge said jumping on the dumpster.

"I don't know! Probably because it's weird."

"What side are you on?" Scourge asked.

"Shit! What do I say?! Should I tell him what I really think?! If I tell him would he kill me or even worse hate me?! He was worked up with Brick but..... then again she slept with his brother...."

Scourge licked Bone."Bone!"

"Huh? D... Did you just lick me?" Bone asked.

"I was trying to snap you back into reality." Scourge said.

"Why didn't you just smack me?" Bone asked.

"No! I mean I couldn't- I didn't want to hurt you. Now, what side are you on?!"

Bone sighed. "I'm on the.... protesters side."

Scourge backed away for a second then came back. "If you're on

their side then I am too."

"Wait what? Why? Why don't you just choose for yourself?!"

"Because you're my deputy and more importantly my friend," Scourge said smiling.

Bone smiled back and they just kept smiling at each other for a while.

"Hey, monster cats if you're done staring at each other you could tell us what to do!" Lilly yelled.

"Oh shit the kits!" Bone and Scourge said and ran to the box.

"Finally! I thought I would die from boredom!" Midnight said.

"Do you know who you're talking to?!" Bone hissed.

"Yeah, my kidnapers!" Midnight growled.

Scourge grabbed Midnight and threw him on the cement. "That should teach you some manners!" Scourge hissed.

"Ow! Ok, I'm sorry!" Midnight whimpered.

Scourge walked over and picked up the small tom then carried him over to Bone.

"I have some patrolling to do. I trust you two will do what your ask." Scourge growled.

"Yes, Bone," Lilly said. Scourge winked at Bone then padded out of the alleyway.

"What are you going to do with us?!" Midnight asked.

"Well I need to toughen you guys up and what better way than to play with you guys." Bone said.

"You're going to play with us?" Lilly asked.

"Yes, and No. Were playing like Bloodclan cats! Bone laughed then

jumped on Midnight and started throwing him around.

" LILLY HELP!" Midnight screamed.
Lilly jumped on Bone's back but before she could dig her claws in Bone dropped Midnight and grabbed Lilly.

He started throwing her around like she was a toy. Midnight tried to grab his sister's leg or arm but Bone was throwing her up higher.

Bone was now on his hind legs and midnight formed a plan. Midnight ran at full speed and hit Bone hard in the stomach. Bone fell to his side and Lilly ran to her brother.

"Ok, that was a smart move...I should've seen that coming." Bone mumbled.

"Ha! I'm king now!" Midnight said puffing out his chest.

"It was only cause I wasn't paying attention but you taught me something."

"What?" Midnight cocked his head.

"Pay attention." Bone smiled. The kits started laughing and so did Bone.

"All right that's enough. I'll show you some battle moves now." Bone got up and started directing them.

Scourge walked around and was really shocked that nothing bad was going on until he got to an abandoned building. There was fresh blood on the building and weird words on it.

"Ylno tnereffid stac dewolla. Fi ylno egruocs dluow esoohc ruo edis." Scourge said aloud.

"You don't see it do you?" A voice said.

"What?!" Scourge said turning around to face Fang.

"Bone at of all people don't see it?!" Fang said circling Scourge.

"Fang, what are you talking about?"

"I thought you were smart Bone! And how come you haven't told Scourge witch side you're on?!" Fang asked getting angry.

"I did Fang he didn't say anything back." Scourge lied.

"Bone you have to make sure he's on our side! Or my writing on this wall was for nothing!" Fang hissed.

"You wrote this?"

"Duh! Bone I told you a couple of days ago if Scourge didn't say then I would write stuff. Are you feeling ok? Did Scourge knock you out? Did you eat to much catnip?" Fang asked getting in Scourge's face.

"Catnip?" Scourge question.

"Scourge definitely hit you hard."

"I eat catnip?!" Scourge hissed.

"Man I love Scourge!" Fang laughed.

"You're supposed to be watching the sketchy areas!" Scourge growled.

"I know but I needed to do this! Anyway, you coming tomorrow night?" Fang asked.

"What's going on tomorrow?"

"Ok, what did you do that pissed Scourge off so much?"

"Seriously what's going on tomorrow?"

"Were having a meeting."

"A meeting?"

"Yeah and while were gathered we'll see if we could... you know."

"Know what?"

"Oh my god Bone! Were going to fuck cats! Yesh, go finish patroling and say sorry to Scourge then get some sleep in that important alleyway thing!" Fang hissed.

"Uh yeah sure." Scourge was to busy processing what he just heard and was already walking away.

He turned into his alleyway and stopped. Bone was grooming the kits.
"Scourge?" Scourge said.

"Hey Bone." Bone said.

"Why are grooming the kits?"

"It's a little reward for them, they did good and mastered some battle moves." Bone smiled.

"Oh really? That's good. I need to talk to you in private."

"Sure thing." Bone followed Scourge to the opposite side of the alleyway.

"Do you eat catnip?"

"No."

"Be honest!"

"Yes."

Scourge flicked his tail. "We're going somewhere tonight so don't go to sleep."

"Ok."

"You want to go back to the kits don't you?"

"What no I'm not-yes can I please go back?!" Bone begged.

"Ugh! Fine but don't get to attached.

Bone licked Scourge on the paw and ran to the kits.

The Place

[image]

Scourge watched as Bone played with the kits. Midnight was the strong one while Lilly was the smart one. Scourge then heard footsteps as well as Bone so Bone quickly leads the kits to there box and told them to stay hidden.

The cat appeared, it was Fang.

"Fang, what are you doing here?" Bone asked.

"Sorry to bother Scourge but I swear I heard small kits. I guess it was just my imagination....?" Fang said looking around the alleyway.

"There are no kits in here so you can leave." Bone ordered.

Fang did one more look around then walked away.

"That was close!" Bone said.

"You need to quiet down!" Scourge hissed.

"I'm sorry!" Bone hissed back.

"Well it's already night and it looks like the mist is coming in so this would be the perfect time to show you what I need to." Scourge said.

"Ok, I'm going tell the kits to be quiet." Bone walked over to the box and told the kits to be quiet.

Scourge led Bone across the streets and buildings. They finally made it to the building when the mist was heaviest.

"Go look on the wall." Scourge said.

Bone looked at the words then his ears fell back.

"Umm Scourge this is.....is... I'll just right it under it." Bone cut his arm and used the blood to write. Once he was done he stepped away to reveal the code

"Only different cats allowed. If only Scourge would choose our side.....?" Scourge read aloud.

"So you and Fang planned this?" Scourge asked.

"No!....well... Fang did but I thought he was joking!" Bone hissed.

Scourge sighed. "Bone I'm starting to question what you do behind my back."

"I'm no-"

Bone stopped talking and saw shadows coming this way. Bone lunged at Scourge and pulled him in a bush.

"What the fuck Bone?!" Scourge hissed.

"Shh!" Bone snapped.

The Toms stopped talking and listened to the cats.

"If Scourge finds out were hear were dead meat!" A Tom growled.

"Oh shut up were just going to do this meeting and we'll be fine!" A she-cat hissed.

"Hey look Fang is already inside!" The she-cat purred.

It was silent after that so Bone poked his head out of the bush and saw the coast was clear.

"The coast is clear." Bone whispered.

"I want to see what they're talking about!" Scourge said.

"I don't know Scourge. I mean if we're careful we could watch threw the window.

"Ok!" Scourge peered threw the window and listened.

Sorry for not updating sooner I was working on another book. It is a small chapter but and I'm sorry for that. I'll try to update sooner :3

meeting

[image]

"Glad you made it Brick. Did you do what you were assigned?" Fang asked.

"Yeah I did and Scourge is not on our side. He freaked out when I told him about me being a she-cat lover, he even made Bone carry him away from me!" Brick hissed.

"We have to find a way to convince him to choose our side if he doesn't then we might have to kill him," Raven growled.

"Woah there! We can't kill Scourge, Bloodclan would be destroyed and Bone would never leave Scourge's side unless Scourge told him. He is too overprotective." Fang explained.

Bone's fur grew hot when Fang said that. It was true he was really protective over Scourge but he didn't want anything bad to happen to Scourge.

"What if we lead Bone away from Scourge, actually how about when Bone is on patrol we'll kill him then," Raven suggested.

"Not a Bad Idea...i'll think about it but let's find an Idea that does not involve killing Scourge," Fang said.

Scourge heard more cats coming and grabbed Bone and ducked into the bushes.

"Ahh, hello Eagle, Hawk, and Bird. Come join us were thinking of ways to make Scourge take are side." Fang said.

"Are we killing him?" Eagle asked as he leads his mate, Bird to the group.

"Maybe but we're trying not to kill him yet," Raven said, her brown eyes filled with disappointment.

"Are you still going after Bone?" Bird asked Fang.

"No, I'm over him," Fang said.

"Who are you after then?" Hawk asked.

"Nobody!" Fang quickly said.

"Uh-huh sure, anyway does anyone have any other suggestions?" Raven asked.

"Um maybe we could...um...ask Bone to try and make Scourge fall for him?" Bird said.

"Not a bad idea! Can we do that one?" Raven asked Fang.

"No. It was the worst idea ever!" Fang hissed.

"HOW?!" Raven, Hawk, Bird, and Brick yelled.

"I'm- because um... It won't... Uh... It just won't work." Fang stammered.

"Fang your not telling us something! Tell us!" Brick and Raven hissed.

"Fine! I'm eyeing Scourge ok!" Fang growled his black and white fur puffed up.

"Is that why you don't want to kill him?" Hawk asked.

Fang sighed. "Yeah and I want to try and make him choose are side, it gives me a better chance with him."

"We don't have to do that idea then." Bird smiled.

"Unless we kill Bone," Eagle said.

"How are we going to kill the biggest and strongest cat in Bloodclan?" Raven asked.

"Cling on to him until he bleeds out," Hawk said.

"I don't know guys don't you think Scourge will figure out who did it?" Bird asked.

"Nah, Scourge doesn't care that much about Bone right?" Eagle said.

"Actually Scourge told me Bone is his best friend and if someone were to kill him he would kill anyone who showed any signs of discomfort on the topic." Brick stated.

"What should we do then?" Fang said.

"How about you try and get with Scourge?" Raven suggested.

Fang's ears fell down. "I don't think he would fall for me."

"Hey AJ, Herla, Spot, Stripes, Color, Claw, Syringe, and Blood!" Brick purred.

"Hey have you guys thought of a way to convince Scourge to choose are side?" Syringe asked.

"Yep! Fang is going to make Scourge fall for him!" Raven purred.

"Great plan!" AJ purred.

"I need to talk to you guys about Bone," Herla said.

"What about?" Claw asked.

"Is he gay?" Herla asked.

"Yes." Color said.

"Dang it!" Herla, Stripes, and Spot hissed.

Bone's fur felt like it was on fire now. He wanted to leave so he turned his head to face Scourge who looked like he has no intention of leaving.

"Well now that we have that situated let's go in the back." Brick said.

Fang, Raven, Brick, Eagle, Bird, Hawk, Syringe, Blood, Claw, Color,

Spot, and Stripes walked to the back and disappeared into the darkness.

"Bone we have to see what there doing!" Scourge said.

"It looks dangerous Scourge." Bone said.

"Come on!" Scourge said as he walked into the building.

Bone had no choice but to follow. Scourge went into the dark hallway and saw a bracketed door. Bone and Scourge put their ears against it.

They heard a lot of groaning and panting. Scourge immediately pulled his head away from the door but Bone, on the other hand, was wagging his tail.

It reminded Scourge of how he used to be a kitty-pet. He picked up Bone and left. Once they were safely in Scourge's alleyway, Scourge spoke.

"They were going to kill me?! Fang likes me?! They were going to make you make me fall for you?! How are you standing there like nothing happened?!" Scourge hissed.

"You need to be careful. Raven wants to kill you." Bone begged.

"Yeah I will but you need to be careful Fang is very persuasive." Scourge said.

"Yeah, I know." Bone said.

"Can I say here for the night?" Scourge asked.

"Wait why?"

"I feel like someone will try and kill me tonight."

"Umm, I guess that's fine." Bone said.

Scourge went into the corner and curled up. Bone went under Scourge's dumpster and watched him sleep. He wagged his tail as

he saw Scourge sleeping peacefully.

"Goodnight Scourge." Bone whispered.

I'm trying to publish a book before school starts so I won't be updating this book that much but when I do have time I will update this book :3
And yes there were a lot of names in this chapter and I'm sorry for that :b
Just remember: Fang, Eagle, Bird, Hawk, and Raven for the future :>

Sleep talking

[image]

Bone woke earlier than normal which confused him. He slid out from under his dumpster then walked over to Scourge. He nudged Scourge hoping to wake him up but he instead grunted and continued to sleep.

While Scourge was sleeping away Bone decided to patrol some of the alleyways. He padded into another alleyway when he noticed Raven putting in another tooth in her collar.

"Seriously where does she keep getting teeth and claws from? She already has 18, more than Scourge has."

Raven notice Scourge and faked a smile. "Hello Scourge what brings you here?"

"Oh I was just patrolling," Bone said.

"Shouldn't Bone be doing that? Did you kill him?" Raven asked more interested in the conversation.

"Bone is doing something right now so I'm covering it for him."

"Hmm what is he doing?" Raven asked.

"Stop asking me nosey questions!" Bone snapped.

Raven's Brown eyes filled with curiosity and smirk appeared on her face. "Why are you getting so angry all of a sudden?"

"You should be careful about what you say to your leader." Bone hissed.

"I'm sorry I was just curious that's all," Raven said.

"I don't have time for this!" Bone growled and walked away from Raven.

"That was close," Hawk said from behind a dumpster.

"You could've came sooner! Honestly how long does it take you to give me teeth and claws!" Raven hissed and lashed her black tail which had white on the tip.

"There are rarely any dogs around and it's hard finding cats to kill you know!" Hawk hissed and ran out of the den.

Raven sighed and played with the teeth on her collar.

Bone finished patrolling and was walking in Scourge's alleyway when he was tackled by someone.

"Hi, Scourge!" Lilly purred.

"Oh hey Lilly where's your brother?" Bone asked.

"He's still sleeping," Lilly said and pointed to the box.

"Why are you out of the box?" Bone asked getting up.

"Bone said to look for you. He also said to kill two-legs because there useless sons of bit-"

"Don't finish that sentence. Why would he tell you that then go back to sleep?" Bone questioned.

"I don't know but when I saw you come back I told him and he just purred," Lilly said.

Bone padded over to Scourge and nudged him. He didn't wake up so Bone slapped Scourge.

"Oww! Why the fuck would you do that Ruby?" Scourge hissed.

"Who's Ruby?" Bone asked.

"Oh shit! Nobody it was just someone from my dream." Scourge said and got up.

"Why did you tell Lilly to go find me and kill two-legs?" Bone asked.

"I was most likely sleep talking," Scourge muttered.

"Sleep talking?!" Bone said while shaking in laughter.

"Stop laughing you-"

"Be careful about what you say to your leader." Bone sneered.

Scourge lashed his tail. "What we're you doing while I was sleeping?" Scourge asked.

"Sense someone was sleeping away and not doing their job I went ahead and did it for them. I wonder who the lazy cat was." Bone sneered.

Scourge got up and growled in Bone's face.

"Don't get mad now, you should be thanking me." Bone said.

"Are you guys fighting or...?" Midnight asked.

"When did you wake up?" Scourge asked.

"Right now."

"Then we're fighting."

"Why?" Midnight asked and walked in-between Scourge and Bone.

"Let's just say someone won't watch his mouth." Scourge hissed and glared at Bone.

"Oh please, I was just asking you questions." Bone said.

"That's it!" Scourge yelled and lunged at Bone.

Bone dodged Scourge and jumped on his back mid-air. Scourge landed on the ground and shook himself throwing Bone off of him. Bone landed on his feet and lunged at Scourge again.

Bone was about to dig his claws in Scourge's pelt until Scourge scratched Bone. Bone went flying and hit the alley wall.

Scourge ran over to Bone praying he was ok.

"Bone I'm sorry," Scourge whispered so nobody would hear.

"Ha! This Scratch is going to leave a scar on your face so apologize to yourself." Bone laughed.

"I hate you." Scourge hissed and walked over to Midnight and Lilly.

Midnight and Lilly were very confused sense they saw there Leader get beat up and is now laughing his head off.

"He's crazy." Midnight muttered.

"You two go in the box and after I finish helping Scourge with cats I'll bring you some food." Scourge said.

"Yes, Bone." Midnight and Lilly said.

"Scourge get on your dumpster now!" Scourge yelled.

"Mhm." Bone said chuckling.

"Let's get this shit over with." Scourge said and waited for the line of cats.

Yay! I got a chapter out :>
The picture at the top is Raven :3
I noticed how many people were reading my book which was a shock to me (even though there are only like 4 people reading this) cuz I thought this was confusing but I guess not :3
Thx again! :D

not a chapter

[image]

What does this mean?

Seriously what does it mean?

Kit Fighting

[image]

"Is that the last of them?" Bone asked clearly exhausted.

"Yeah, it was." Scourge said.

"Can you watch the kits for me?" Bone asked.

"Why?" Scourge scoffed.

"I'm tired!" Bone hissed.

"So? Deal with it!" Scourge snapped.

Bone's eyes filled with anger.
"Listen here I'm in charge so that means you do what I say so I'll say this again, can you watch the kits for me?!"

Scourge stood there shocked then nodded. Bone glared at him then swept under Scourge's dumpster.

"Is that what I look like when I'm angry or annoyed?!" Scourge Thought then turned to the box where the kits we're.

Scourge went up to the kits and roughly grabbed them out of the box.

"Are you angry or something?" Midnight asked.

"No, I'm fine." Scourge hissed.

"Did Scourge get on your nerves?" Lilly asked.

"Scourge? You mean Bone! Bone thinks just because he's in my body means he can order me around! Once I figure out how to switch back I will give him merciless orders!" Scourge hissed.

"Wait... So you're actually Scourge and he's Bone?" Lilly asked.

Scourge stopped glaring. He realized what he just said and imminently regretted it.

"What was I thinking! I told someone but not just anyone, kits for crying out loud! Bone is going to kill me! Why did I say that! I'm so stupid!" Was all Scourge could think about.

Lilly and Midnight tried to snap Scourge out of it. They even nibbled and bit Scourge.

"What's wrong with him?!" Midnight asked.

"H-He's in shock!" Lilly replied.

Scourge sat down still out of it.

"Should we get Bone?" Midnight asked. Scourge snapped back into reality. "No! Do not tell anyone not even Bone!" Scourge ordered.

"I think we should tell Bone! He deserves to know!" Lilly said.

"No, no one is telling Bone!" Scourge hissed.

"B-But-"

Scourge cut off Midnight."No! Act like you know nothing of this or else I will slaughter you!" Scourge hissed.

The terrified kits nodded their heads.

"You need to start getting teeth and claws for your future collars, you won't be able to get them if you don't know how to fight so I will bring back a kit so you guys can fight." Scourge explained.

"We're killing kits?!" Lilly meowed.

"Yes and please show no mercy, I'm in the mood for some Bloodshed," Scourge ordered and ran off.

"Lilly, are we really going to fight and kill a kit just like us?" Midnight asked.

"I don't know but I know this, once we're strong enough we're going

to run out of this place," Lilly said.

Midnight curled around Lilly while Lilly groomed herself.

Scourge returned a few minutes later with a kit. The kit was black, brown, and white with yellow eyes filled with fear.

"We're not going to fight here we're heading to the roof of that two-leg den." Scourge said flicking his tail to the den.

"How are we going to get up there?" Midnight asked.

Scourge ran up to Midnight and grabbed him in his jaws. He jumped on a dumpster then onto a fence then a balcony and threw Midnight onto the roof.

Once all the kits we're there Scourge told them to get ready. He flicked his tail indicating the fight was on.

The kit lunged at Lilly but was tackled by Midnight. Lilly bit down on the kit's neck and Midnight slashed the Kit's back leaving large scratches gushing out Blood.

The kit yowled and kicked Midnight in the face. Lilly stopped biting the kit's neck and the kit took advantage of that.

The kit pounced on Lilly and dug its claws on her sides. Midnight ran to the kit at full speed and tackled it. He sliced the kit's throat and watched it die.

"Not the most unique way of killing and really boring but you killed it." Scourge scoffed.

"Clean your selves up and don't mention anything to Bone or you will be killed!" Scourge hissed and walked to the edge of the roof.

"Was I being too harsh? No! I was doing what needed to be done! I hope they don't tell Bone if they do then I'm sure Bone would kill me. Ugh, why do I care what Bone thinks?! He's the problem! I will keep making Lilly and Midnight fight. Even If Bone finds out because I don't care what he thinks!" Scourge thought and looked at his beloved city.

The photo above is Midnight with a collar full of Teeth and Claws :>
I will try and do another chapter tomorrow maybe later on today if I'm not busy but we'll see :3

Secrets revealed

[image]

It has been a few moons since Scourge told Lilly and Midnight about the switching bodies thing with Bone.
Midnight and Lilly fought more kits each moon and got their collars. Midnight's collar was dark Blue and Lilly's was pink.

They grew bigger and smarter but still haven't told Bone that they new his and Scourge's secret.

"Midnight, Lilly, you didn't say anything yet, right?" Scourge questioned.

"No, we haven't." Midnight hissed.

"Good. Have you seen Bone?" Scourge asked.

"No, we haven't seen him in a couple of weeks," Lilly answered.

"I haven't been paying attention lately. I will go find him, stay here." Scourge ordered.

"Ok Midnight I think this is our only time we could escape," Lilly said.

"Where will we go?" Midnight asked.

"I saw a nearby forest we could go in there," Lilly said.

Midnight nodded and took a step out of the box.

"Wait! We should take off our collars it would make it easier to run." Lilly suggested.

They took off their collars and stepped out of the box and into the alleyway. They walked to the entrance of the alleyway and was about to leave it until Midnight was tackled.

"What are you doing here?!" Eagle hissed.

"We're just leaving!" Midnight meowed.

"Why we're you in Scourge's den?" Bird asking.

"We don't need to tell you anything!" Lilly hissed. Bird pounced on Lilly and held her down.

"You're in Bloodclan territory so you do need to tell." Bird hissed.

Eagle placed his paw on Midnight's throat. "We were just... passing... through." Midnight spat out.

"I don't by it what do you think we should do?" Eagle asked.

"Take them to Scourge, he'll rip their throats out." Bird sneered.

"What's going on here?" Raven asked.

"Found these kits in Scourge's alleyway." Eagle said.

"I want there teeth and claws!" Raven meowed.

"You can't have them unless Scourge says so," Eagle stated.

"Where is Scourge?" Bird asked looking around.

"Raven go look for him," Eagle ordered.

"Why don't we find Bone instead and maybe kill him?" Raven sneered.

"No killing! Just find them." Eagle growled.

"Fine." Raven ran off and looked for there beloved deputy and Leader. She found Scourge in a tree near the smaller two-leg dens.

"Scourge! Scourge!" Raven called out.

"What!" Bone called out.

"Why are you here and we need you we found some kits and they're

feisty," Raven said.

Bone hopped down and followed Raven. He forgot about the kits until he saw their faces.

"Here Scourge, what would you like us to do with them?" Eagle asked.

"There with us." Bone stated.

"They have no collars though." Bird hissed.

"Yes, we do!" Midnight hissed and kicked Eagle off of him and ran to his box. He grabbed Lilly and his collars and showed them.

"We even have the teeth on it to prove it." Midnight said.

"When did they get collars and when did they get those trophies?" Bone thought.

"Our mistake, we'll be going now." Bird said and walked away along with Raven and Eagle.

"Care to explain why-"

"Bone!" Lilly and Midnight cheered and huge the small cat.

"You mean Scourge." Bone corrected.

"No. We know your secret Bone, Scourge told us but on accident, he told us when he was mad at you." Lilly stated.

"Don't tell anyone you got that!" Bone hissed.

"Yes we do but don't tell Scourge or else he'll freak." Midnight said.

"Don't worry I won't tell." Bone said.

"Won't tell what?" Scourge asked.

Grooming

[image]

"Don't tell what?" Scourge asked.

Clouds started rolling in and thunder was alive.

"Nothing Bone!" Bone said.

"Where have you been?" Scourge asked walking closer to Bone.

"I was dealing with some problems." Bone muttered.

"You left your deputy to watch these kits! Midnight! Lilly! Come!" Scourge hissed.

Lilly and Midnight followed and we're on the roof in a few minutes.

"Get ready this kit is a fast one." Scourge spat.

"What are you guys doing?" Bone asked.

Scourge's ears and tail shot up and turned to face his small friend.

"Kit fight." Scourge said.

"A kit fight huh. Cool." Bone padded over to Scourge and sat beside him.

"Fight!" Scourge meowed.

The fast kit made a huge mistake to run at Lilly. It was tackled by Midnight. Midnight clawed out its eyes and finally slit its throat.

"You should make them fight separately." Bone suggested.

"I tried but Midnight rushed in. They're better off fighting together." Scourge said.

Lilly and Midnight ripped off claws and teeth from the lifeless kit

then inserted them into there collars.

"Go back to the box I need to talk with Scourge." Scourge said.

Once the kits we're gone Scourge spoke.

"How long do I have until I die?" Scourge asked.

"You mean till I die." Bone corrected.

"I refuse to die in your body!" Scourge spat. It started raining as soon as Scourge said that.

"Looks like the clouds don't agree with you." Bone smiled.

"We need to find out how this happened." Scourge said.

"I know and we will." Bone said looking up.

"I can not live with this..."

"I understand Scourge but just deal with it." Bone said.

"It's unacceptable..."

"We had no control over it." Bone said.

"I haven't groomed myself since we switched and I'm filthy!" Scourge yelled.

Bone turned to face Scourge who was looking at his fur.

"Why?"

"Because it's weird!" Scourge hissed.

"The rain will get it off." Bone said.

"It is literally attached to this fur I have to do a deep cleaning if I want this out!" Scourge growled.

"I could do it it's my fur." Bone suggested.

"That's even weirder!" Scourge said.

"How? Like I said, my fur." Bone said.

"Fine," Scourge muttered.

Bone got up and Scourge followed. They headed towards a gap in between two Dumpsters in Scourge's den.

"Hold still." Bone instructed. Bone began licking up the dirt in long strokes. Scourge liked the feeling of Bone grooming him. It made his cold heart warm and fuzzy.

Scourge zoned out thinking about when he was happy during his kittypet life. He snapped out of it when he felt a tongue near that area.

"Hey!" Scourge yelped.

"Calm down it's my body~" Bone sneered.

"But I'm in it!" Scourge meowed.

"Trust me it will be fast." Bone said.

"Fine." Scourge meowed.

Bone gently and quickly cleaned the area. Scourge fought back small groans and prayed it will be over soon.

"See it wasn't that bad." Bone sneered.

"Uh-huh sure." Scourge said and padded out of the gap.

"I'll see you in the morning." Scourge said and walked out of the den.

Bone curled up and had a great dream, at least a good dream to him.

Accident

[image]

Scourge stretched and began doing the morning patrol. He was walking around watching out for Raven until he remembered last night.

He shuddered. *"Why couldn't I just clean...it on my own! Bone was so chill about it and that scares me! Wait why am I here?!"* Scourge thought as he notices he was at the of the forest.

Scourge froze remembering what that forest cat did to him. He growled and his ears pinned back in anger.
"All I want to do is rip out his eyes and make him eat his own spine!" Scourge clawed the ground.

He lifted his paw and placed it over the border. *"What am I doing?!"* He then put his other paw into the forest cat's territory.

"Bone? What are you doing?" Bird asked.

"I just smelled something...off." Scourge lied.

"Really?" Bird walked over and sniffed the area.

"Is your nose working? Everything smells fine." Bird questioned.

"I don't know maybe it was just me." Scourge said stepping back into his territory.

"You should go to Scourge, maybe he knows something." Bird suggested.

"Maybe..." Scourge said looking at the forest.

"I'm going to go find Eagle now stay out of trouble ok?" Bird said.

"No promises." Scourge chuckled. He watched Bird leave. He jumped over the border then back into his own border.

"I went over the border. I actually did it!" Scourge said and started to purr uncontrollably. When his purring fit ended he walked back to Bone.

"Bone!" Scourge meowed.

"Mm Scourge come here." Bone said his eyes were still closed.

"Umm, I can't fit under-"

"Put your God damn face under the dumpster, this is an order." Bone ordered.

Scourge hesitated then pushed his head under the dumpster. Bone grinned then grabbed Scourge's muzzle.

"Bone!" Scourge yelled as Bone put his head on Scourge's muzzle.

"Shh! I'm trying to do something!" Bone hissed.

Bone began to touch Scourge's ears and then starting licking his muzzle.
Scourge started purring. Bone licked Scourge's eyes and Scourge started wagging his tail.

"Hey, Scourge." Bone said.

"Yeah?" Scourge said still purring.

"I love you, more than a friend."

Scourge froze. His head started spinning. "Bone... I love you too."

Scourge notice their muzzles were leaning closer to each other. He closed his eyes and waited for the happiest thing in his life.

~

"BONE!" Bird yelled.

"Huh?!" Scourge yelled.

"I asked you if Raven or hawk said anything to you or if Fang talked to Scourge." Bird said.

"Oh umm no, none of them have." Scourge said.

"Ok... Please be safe." Bird said then walked away.

"Was I daydreaming? Why was I thinking of that?! I hate myself!"

Scourge walked into the Two-leg city and saw a glimpse of what his enemy.
He saw his brown tabby fur and lost it.

Scourge pounced on the tom. He grabbed the back of his neck and started slamming the cat's face into the ground. He clawed and thrashed, blood oozed from the cat and staining it on Scourge's pelt.

"Bone please!" The cat screamed as Scourge sliced the cats back exposing his spine.

"Bone?" Scourge said remembering he was in Bone's body. He kept cutting and ripping fur from the cat.

"Wait how do you know my name?!" Scourge asked.

"What.....a-are....y-y-you talking a-about?! B-Bone..... I t-th-thought we were.....friends!" The cat screamed.

"No! Were not friends!" Scourge said thinking he was lying.

Cats watched in amusement as the cat begged for mercy.

"Bone?" Bone said as he saw Scourge killing one of his friends.

"Scourge!" Scourge yelled jumping off the cat.

"Why are you killing Snake?" He asked.

"Snake?" Scourge said.

"That is Snake your killing, are you aware?" Bone asked.

Scourge looked at the tom. He was covered in Blood and didint look like a cat no more.

"I'm s-sorry I thought he was someone else." Scourge said.

"Who?" Bone asked.

"Can I talk to you in private?" Scourge asked.

Bone was silent for a few minutes. "Yes, you can." Bone said in-between clenched jaws.

Scourge followed Bone into his alleyway.

"What the hell Bone! You killed a good cat that you supposedly mistook as an enemy?!" Bone yelled pure anger in his eyes.

"I look really scary when I'm mad." Scourge thought.

"Did you even hear me!?" Bone yelled.

~

"Scourge sounds really mad," Eagle said.

"I hope it doesn't get physical." Bird said.

~

"Bone... Please calm down." Scourge said.

"Why should I?! Bone you killed a great cat and you expect me to calm down?! You should be thrown in the river!" Bone yelled.

Scourge froze. Tears formed in his eyes. "I should be thrown in the river? Just because I'm a runt and Two-legs don't want runts!" Scourge started crying remembering his two siblings.

"S-Scourge?" Bone said.

Scourge hid his face with his paws, his tail puffed up.

"Scourge you're making me look weak." Bone said.

"Because I'm weak!" Scourge yelled and ran out of the alleyway.

"Bone wait!" Scourge yelled.

~

"He made Bone cry? What did he say that made Bloodclan's most toughest cat cry?" Raven asked.

"I'm sure he said he's going to exterminate him," Hawk said.

"Scourge... I'm sorry." Bone said.

Sorry for a sad chapter but it will get better I promise! :>

Love

[image]

Scourge ran faster and faster, the words playing over and over again.

"You deserve to be thrown in the river!"

He ran threw the streets and alleyways trying to run away from the pain but the pain only followed. He found an alleyway he had never seen before. He sniffed the air to find it reeks of the smell of dogs.

Scourge didn't care and swept into the alleyway. There was two dumpster side by side with a gap between them just big enough for him, so he went in between them.

"I hate crying. The last time I cried was when that stupid forest cat attacked me. I wish that I was a lot stronger and bigger so that way cats would not even try to pick a fight with me." Scourge thought.

"I remember when I "killed that dog" and all the cats cheered and asked for my name...those we're the good times..." Scourge said allowed.

He looked at his paws. He remembered when he helped Bone put on the dog teeth along with the collar.

Flashback

"Hold still!" Scourge hissed.

"This won't work just let me lay down so you don't have to struggle." Said Bone.

"Fine." Grumbled Scourge.

Bone laid down. Scourge stood on his hind legs and slid the rainbow color onto Bone's neck.

"Now for the claws..." Scourge said looking down at Bone's massive paws that were as big as Scourge's head.

"How do you put on the claws?" Bone asked.

"Well I make them hollow then I slide them on but I don't know if they will fit you since your pretty um you know." Scourge said.

"That I'm pretty handsome? Thank you I know!" Bone sneered.

"No! You know what I mean!" Scourge shot back.

"Ok, ok but just because I'm bigger then most cats doesn't mean I have huge claws." Bone said.

Scourge cocked his head. "Do you know what you just said?" Scourge questioned.

Bone sighed. "I have regularly sized claws if you haven't noticed."

"But when you finish killing a cat the body has huge slash marks?" Scourge said.

"Those are my teeth, I dig my teeth in my victim's body then I drag them threw the body." Bone explained.

"So... That means that what I thought you fought like is a hole lie?" Scourge questioned.

"Yeah basically." Bone said.

" What's next, your gay and you have a psychopathic ex that won't leave you alone?!" Scourge said.

"..... Like that will ever happen." Bone said hiding his surprise on how accurate Scourge was.

"Yeah!" Scourge said chuckling

"Let's get those dog teeth on you!" Scourge said in a happy tone.

Scourge hollowed out some dog teeth then carefully placed them on Bone's claws.

"And perfect!" Scourge said.

"Wow, these will come in handy!" Bone said admiring his new claws.

"You look... Kinda scary but what's up with the rainbow collar?" Scourge asked.

"Ok so, if you examine the collar it has all the colors on it except for two, which are they?" Bone asked.

"Oh umm black and white?" Scourge said.

"Yep! It's because the black and white is inside of me, it's there you just can't see it. Kinda like a poker face, color on the outside but on the inside is cold and dark." Bone said in a proud tone.

"But... You have a black and white pelt and it's on the outside." Scourge said.

Bone looked at Scourge for a long moment. "Well heck, I guess I was wrong the entire time then." Bone concluded.

Scourge fell back laughing. "Y-you...sounded like you d-did something there!" Scourge choked out.

"Well, I'm doing something now..." Bone said.

"W-what d-do you m-mean?" Scourge said still laughing.

Bone jumped off the ground and twisted his body so he could land on top of Scourge.

Scourge closed his eyes waiting for Bone's weight to come down on him.

"U can open your eyes scardy cat." Bone chuckled.

Scourge open one then open the other "oh!" Scourge said.

"I'm not actually gonna crush you... Although that would make me leader so maybe I'll just-"

"No! Don't you dare!" Scourge yelped.

"Ok, ok." Bone said getting up.

"Bone I need you to do something for me." Scourge said in a serious tone.

"Yes, Scourge?"

"I need you to look as angry as possible while you're on duty ok?" Scourge said.

"As you wish my psychopathic leader." Bone said with a bow.

"Your such an idiot!" Scourge laughed.

End of flashback

"That was one of my most favorite memories." Scourge said quietly.

"Bone!" A cat yelled

Scourge froze not daring to make a sound.

"Bone are you in here?" The same voice said.

"....."

Scourge saw the shadow of the cat, a massive Shadow. He heard claws scraping against the cold, hard ground. He looked down to see a white paw emerge from the corner of his eye.

"Scourge there you are!" Bone said.

"What do YOU want you asshole." Scourge said, his voice cold and harsh.

"Scourge look I'm sorry I had no idea you would cry over that if I would have known I would have never said that." Bone said in a soft and sorrowful tone.

"Leave me alone Bone." Scourge said.

"I will if you just told me why you were talking about being thrown in the river because of being a runt." Bone said.

"It's nothing. Go away you shouldn't see me in this state." Scourge said.

"I order you to tell me right now!" Bone yelled anger in his voice.

Scourge sighed. "I ran away from my two-leg home because my sister said that if two-legs who don't want kits are called unwanted kits and since I'm a runt no one would want me. My brother joined in and said that unwanted kits would get thrown in the river, so I ran away into the forest where I got beat up by a brown tabby forest cat." Scourge explained.

"Oh. Well, that's bullshit because that's not true." Bone said.

"Wait so I ran away for no reason?" Scourge asked.

"Yep but look at you now! You're running a bloodthirsty clan all because you defeated a dog, how cool is that!" Bone said trying to cheer up Scourge.

"That's not true," Scourge mumbled.

"What do you mean?" Bone questioned.

"I never defeated that dog. It was scared of my shadow so I used that to scare it away then grabbed its fur as a so-cad "trophy." Oh, and the dog tooth in my collar was an accident, I tried to get my collar off but it wouldn't so I found a dog tooth and stabbed it into my collar in hopes to get it off but it got stuck instead." Scourge explained.

"Oh." Bone said.

"I know, I'm a liar." Scourge said holding in tears. Scourge closed his eyes trying to stop the tears from coming out. He then felt something soft and warm on his chest fur.

"B-Bone?!" Scourge said shocked that Bone was hugging him.

"I don't like it when you cry." Bone said.

"Hey, Scourge you wanna know something?" Bone asked.

Scourge stayed silent.

"Small cats are way more special than regular cats. That's why I like you a lot your also very brave, smart, and cute." Bone said.

Scourge froze. He felt his heart melt and he felt an emotion he hasn't felt in a long time...

Love.

"Scourge you ok?" Bone asked tapping "Scourge's" chest.

"Y-yeah I'm fine."

"If you say so..." Bone said then let go of Scourge.

"I'm sorry for killing Snake, I didn't see him with a collar so I thought he was that forest cat I was talking about." Scourge said.

Bone sighed."It's... Fine."

Scourge could tell Bone was upset, he had this sadness in his eyes but he still managed a small smile.

"I'm going to go clear up what happened." Scourge said and dashed off.

Scourge called a clan meeting and explained what happened.

"What you just witnessed was a TEST. You all passed for not interfering BUT if you see Scourge ever getting cornered and I'm for example dead, you all have to be there and protect him." Scourge said. Some cats murmured and some nodded.

Scourge flicked "his" tail indicating the meeting was over.

He jumped down and padded into his alleyway.

"Hello, Bone!" Raven meowed.

"Oh uh hi Raven," Scourge muttered.

"I was wondering if you could do me a favor?" Raven asked.

"What is it?" Scourge asked.

"Die-" Raven was about to leap on Scourge but was pulled back by the tail.

"Sorry, Raven but we can't afford you to come and hurt our precocious deputy, Scourge would be saddened," Lilly said.

"When did you get kit bodyguards?!" Raven hissed.

"When you just tried to kill me, look I don't have time for your games right now so if you could leave me alone that would be great!" Scourge said in a low growl.

"Fine." Raven left the den.

"Scourge we have a small problem." Midnight said.

"What is it? Scourge asked.

"We don't fit in the box no more," Lilly said pointing to the box.

"It looks like you going to have to sleep under the dumpster." Scourge said.

"Oh ok!" Midnight said and swept under the dumpster.

"Wait for me!" Lilly said and ran under the dumpster.

Scourge jumped on top of his dumpster and drifted off into a daydream.

~~~~~~

Bone padded out of the alleyway and headed to the main alleyway.

"Hey Scourge wait!" Fang called out.

"Yes?" Bone said.

"So... How's it going?" Fang asked.

"Uh fine?" Bone said.

"If you say so!" Fang said and got closer to Bone.
~~~~~~

"What do you want Fang?" Bone asked.

"Oh, nothin just that I found a protester that wants to overthrow you and was planning on doing it but I attacked it and made it suffer. If you want to meet them you could come with me." Fang sneered.

"Really? Ok but it needs to be quick, I need to find Bone and tell him something important." Bone lied.

"That fucking cat," Fang muttered.

"What?"

"Nothing, come." Fang lead Bone into his alleyway.

"In there." Fang pointed to the cage.

Bone was hesitant but walked up to the cage. He peered into it and at first, he didn't see anything but then a cat sprung its self at Bone. Bone did not flinch or move he just stared at the cat. He reeked of the smell of catnip and he had rabies.

"Fang, this cat is dangerous you have to kill him." Bone said.

"Why not let Bone deal with him, I'm much weaker and Bone is most experience," Fang suggested his yellow eyes glowing.

"No! Bone is too important. If he gets infected we have to kill him and I won't allow that, not on this earth and not ever!" Bone hissed.

".... Ok Scourge," Fang said.

Fang opened the crate and the cat lunged at Bone. Bone froze not knowing what to do. Fang then tackled the cat and ripped his head off.

"I'm not collecting his teeth but the claws I will happily collect." Fang purred.

"Y-yeah you do that." Bone said.

"Are you ok?" Fang asked.

"I'm uh... Grateful." Bone said.

Fangs ears twitched then he padded towards Bone. He went behind him then pulled Bone towards his stomach. He felt his white chest fur on his back.

"You're welcome Scourge~" Fang whispered into "Bone's" ear.

Bone felt "his" fur grew hot but snapped out of it.

"I have to go, Bone is waiting for me!" Bone said then ran off.

"What are you two going to do?!" Fang yelled out.

Bone ran fast but then almost slipped on something wet. "FUCK!" Bone yelled out but then caught himself before he could slip.

"Fuck?" Fang's ears pinned down and sadness swept over him.

"I have to speak to Bone!" Fang growled.

~~~~~~

Bone ran into Scourge's alleyway and saw Scourge sleeping in the corner of the alleyway. Something came over, the urge to go sleep next to him. Bone carefully padded over to Scourge.

He lay next to him and watched him sleep. Scourge started moving in his sleep, he curled around Bone. Bone smiled and leaned against him.

"Sleep tight my precious Scourge."
~~~~~~

Ha! Another beautiful chapter is done! School is definitely going to get in my way BUT the weekend won't so I'm going to try a chapter every Sunday! Oki see you, beautiful peeps, later!

Clinging

[image] [image]

Scourge's eyes fluttered open, he yawned then felt something against him. He saw Bone sleeping against his side. Scourge watched Bone for a bit, but then he remembered he has to do patrol. Scourge sighed and tried getting up, but the more he moved the more Bone clung on to him.

"Hey! Midnight, Lilly, I need your help!" Scourge loudly whispered.

"Uh... Scourge what do you want?" Lilly said half asleep.

"Just come out here please?!" Scourge whispered.

Lilly poked her head out.

"So as you can see I'm in a bit of a situation and I was hoping you could help me out of..... It?" Scourge stopped talking, he was staring at Lilly whose pupils were like saucers.

Scourge raised an eyebrow "Is there something interesting?" Scourge asked.

"Pst Midnight you might want to check this out," Lilly whispered.

"Ugh fine but it better be cool." Midnight muttered.

Midnight popped his head out and starred at Scourge then Bone and Back at Scourge again.

"Did you guys..... You know....?" Midnight asked.

"No, I don't know, can you explain." Scourge said.

Lilly and Midnight were dumbfounded, they then gave him the '-_-' look.

"Seriously what are you talking about- oh..... You dirty kits no!

I woke up and he was against me." Scourge whispered yelled.

"Oh. Dang, it." Lilly said. She then pulled out one of her trophies and gave it to Midnight.

"What is the meaning of this?" Scourge asked.

"We did a bet and I lost. I was betting that you and Bone would hook up and eventually become mates by today but looks like I lost." Lilly sighed.

Midnight snickered "I told you, Scourge is straight." Midnight stated then slid under the dumpster along with his new trophy.

"Well can you help me?!" Scourge whispered yelled.

"Oh yeah right! Um, you try getting up and I'll try and slide in your spot so he'll cling on to me instead of you." Lilly said.

Scourge tried getting up and let Lilly fill in but Bone kept digging "his" claws into "Scourge's" fur.

"No use," Scourge muttered.

"Dang he really doesn't want to let go of you," Lilly said.

"Yeah, I think I know that!" Scourge said.

Bone started to wake up. Lilly ran for the dumpster and hid under it.

"Wait don't leave me!" Scourge said.

"Mm Scourge?" Bone said his eyes opening a little.

"Uh……hi." Scourge said.

"You smell nice." Bone said then closed his eyes again.

"Oh God fucking dammit!" Scourge said as his fur heated up.

"Ok, I'm done with this!" Scourge yelled which woke up Bone.

Scourge gave Bone a death stare then picked him up and threw him on his back.

"Uh Scourge what's going on?!" Bone yelped.

"Shut up." Scourge hissed.

"What did I d-"

"Shut up!" Scourge hissed louder.

Bone was confused but obeyed. Scourge padded out of his den and then jumped on a dumpster, fence, then ran up some escape ladders to get to the top of a building.

He walked over to the edge, picked up Bone, hung him over the age, then he laid down and put Bone against him.

"What the actual Fuck?!" Bone yelled.

"Since you want to cuddle so much and I have to watch over Bloodclan, I decided we can do both." Scourge said.

"Bone's" fur heated up. "Uh, I want to uh what?!" Bone squeaked.

"Just lay down," Scourge ordered.

Bone hesitated but then laid next to Scourge. Scourge looked over the city to see cats walking around, some were scavenging for food, and others were talking to each other.

"I wonder what the forest cats do. If my mom was right and I think she was, they kill not just for fun but to also survive... If they live a bloodthirsty life then I will make Bloodclan's life more bloodthirsty, I will make them warriors... Blood warriors.....

They'll be warrior cats!"

Scourge and Bone watched the city for a while. Two-legs rushing by, cars beeping, and cats walking around.
Scourge was at ease until he heard someone climbing up the escape ladders.

Scourge jumped up, pushed Bone behind him, and faced the area where the noise was coming from.

"Oh hey Bone, what are you doing here all alone...? Raven asked, her tail swaying back in fourth.

"I was watching the cats down there." Scourge made "his" tail point to the edge of the roof.

"Well, why would a cat such as you be here all alo-"

"What do you want?" Scourge said irritated.

"HEY! I came to warn you about something but I guess you don't want to hear it." Raven huffed and turned her head away from Scourge.

"Warn me about what?! Scourge said more irritated.

"I don't know if I should tell you...you were being mean to me." Raven pouted.

"Listen I'll give you one of my trophies if you tell me." Scourge said.

"Only one?!" Raven said and then started fake crying.

"ALRIGHT! I'll give you two ok?" Scourge said.

"Deal" raven sneered. Scourge pulled out two teeth from Bone's collar and gave them to the greedy Raven.

"Ok, what did you need to tell me?" Scourge asked.

"You know how the protesters have gone down?" Raven said.

"Yeah"

"It's because most of them are leaving and going to join those forest cats. I know a lot of those cats and you won't believe the cats that left. Your closest warriors are leaving you in the dirt like your some sort of Hitler." Raven said playing with her two new trophies.

"What?! There leaving just cuz of that rule, my closest warriors are leaving me, and what the hell is a Hitler?!" The scourge said confused and angry.

"Yep. You're going to lose warriors and the two-legs say "Hitler is bad and he should be rotting in hell" but It's their weird language. Raven stated.

"Have you tried to stop them?!" Scourge asked.

"No. Between you and me I don't do anything unless Scourge tells me to, I'm way too lazy." Raven said.

Scourge felt light-headed, he could never imagine himself with only a few cats, and the worst part was that more than half of the clan is gay or lesbian because there in a gang so of course, they are going to be gay.

"Bone you ok? You don't look so good." Raven said realizing Bone looked dazed.

"Im fine." Scourge said shaking "his" head.

"Oh yeah and I'm sorry for trying to kill you. I was going to try and do it again but I heard there were a couple of dogs killed near the two-leg dens and I was hungry. Raven said in a proud tone.

Scourge pounced on Raven and pinned her to the ground.

"Which cats left Scourge?" Scourge said.

"Oh I see, you want the answers this way~" Raven sneered.

"Raven I will slit your throat at this very moment then skin you, and wear your pelt as a bigger trophy.

Tell.

Me.

Who.

Left."

Raven saw pure anger in "Scourge's" eyes.

"Ok Bone please chill! The one I mostly know of was Brick. She left." Raven said.

"She.....left....me." Scourge said.

"What are you talking abo-" Scourge slashed her face in anger then grabbed her by the pelt and threw her to the escape ladders. He heard her tumbling down the escape ladders.

"...Scourge?" Bone said.

"What!" Scourge hissed.

Bone went over to Scourge and hugged him. Scourge was about to push him off but was stopped by a small purring sound. He saw Bone purring into "his" chest and that made him calm down a little.

"Those cats are dumb for leaving you." Bone said. Scourge licked the top of "Bone's" head.

"What are we going to do now Bone?" Scourge asked.

"Let's just send a patrol out and wing it from there. It's not like this is a story and people are reading it." Bone said in a soft tone.

"Yeah, your right." Scourge purred.

Thank you guys for the 1k reads ^^ I appreciate it so much!! I will be going back into this story of chaos and fixing my mistakes and also try and get a storyline. Idk if you guys know this but I'm legitimately winging this. I just let my thoughts go into the book XD I know how the book is going to end I'm just looking for filler cuz I want this book to go on for a while. Well, that's all cya guys!

Btw Creepypasta the best! >:D

You got it all wrong

[image]

Scourge and Bone climbed down from the building and began forming a small patrol. Once they gathered their cats, Scourge sent them away into the forest.

"And now we play the waiting game," Scourge mumbled.

"How about we patrol the city, you always seem to feel better seeing your clan's way of life!" Bone suggested.

Scourge thought about. He knew he had to focus on the cats he still had.

".... Fine" Scourge sighed.

Bone and Scourge roamed around the city. Scourge calmed down and finally got the cats leaving out of his head. Everything seemed great, no non-Bloodclan cats around, No dogs attacking, and what makes it better is Bone by his side. Scourge felt great until he ran into someone and they seemed very pissed.

"Bone, you fucking dog!" Fang hissed. His white and black fur stood up making him look double his size.

"What are you talking about?" Scourge asked, genuinely confused.

"You knew we were trying to get Scourge on our side, and you knew he was gay, but you never told us! We were humiliating ourselves and you just sat back and watched. Are you embarrassed? Cause if you are then we will make SURE you DO get embarrassed! We will tell everyone that your bails deep in Scourge, you fucker!" Fang barred his teeth and hissed.

"W-what are you talking about?!" Scourge asked confused and angry.

"Stop lying! Scourge even admitted it!" Fang said with fire in his

eyes, he then looked at Scourge with hurt eyes.

"I loved you... I actually loved you... Scourge... a... and you... Picked Bone when it should have been me to be your mate and Deputy!" Fang hissed. Tears pour from his eyes and stained his fur.

"What is he talking about!" Scourge hissed at Bone.

"I have no-" Bone paused. It hit him, it hit him hard. He remembered when he was about to slip and yelled out fuck. Fang might have asked what he and Scourge were doing.

"Fang you missed understood! I was about to slip and I yelled before I caught myself!" Bone explained.

Fang's pupils bulged and his tail puffed up slightly.

"Well... I guess you know now, but it would be nice if you stopped lingering around him like a kit to his mother." Fang said with a little more confidence.

"We're dealing with something extremely important right now, I'm sorry for not acknowledging your feelings." Bone said.

Fang glared at Scourge before padding off.

Scourge slapped Bone across the face.

"Ow!" Bone hissed.

"What were you thinking? Watch what you say next time, you shitty cat!" Scourge hissed then looked at the ground. He was upset that this clan is so messed up. He was about to tell Bone how he feels about the clan, but a cat ran up to Bone before he could say anything.

"Scourge! We found some of our cats patrolling with the forest cats and they attacked us! We killed most of them, but some of our warriors are injured." Eagle said. He had a missing eye and ear.

"Bring them into my alleyway, When you get there grab water and steal some two-leg clothing. Use the clothing to clean up the blood."

Bone barked, he was used to cleaning up his patrol team when fights broke out.

Eagle nodded and ran off.

"Scourge I have to go and help them out, I understand if you don't want to come, I'll meet you later!" Bone said running in the direction of Eagle.

Scourge felt "his" heart skip a beat as he saw Bone's determination. Without thinking Scourge began to run after Bone, he was side by side with him in almost an instant.

"Scourge?" Bone meowed surprisingly.

"Shut up and keep running!" Scourge hissed.

Bone smiled at his handsome leader and started running even faster, faster than a tiger.

Gore warning

Once Bone and Scourge turned into the Leaders alleyway, they were met by blood on the concrete and cats that had injuries with cuts to actual missing limbs.

"Those whose injuries are minor, help take care of the cats who aren't as lucky as you, that is an order!" Bone meowed loudly then made his way to a group of cats with missing limbs.

Scourge wanted to help too, he really did, but the scene he was staring at was too horrifying to look at.

After all, he's not that mature.

"Bone come here!" Bone yelled.

"Scourge swallowed the lump in "his" throat and ran to his deputy.

"I need you to hold up the thigh while I chew off the singular tendent that's keeping the cat's ankle and foot attached to its leg." Bone ordered.

Scourge nodded and pushed "his" muzzle under the cat's thigh keeping it up. Scourge was scared to look at Bone, so he decided to close his eyes.

Bone unhinged "his" jaw and put it in position to bite down. He looked at the cat, he was starring at the other cats with an emotionless face. Bone looked at Scourge. He had a hunch this would be a sight that would be too much for him.

Bone focused back on the tendent. He let his mouth bite down with

full force. He then yanked the tendent away from the rest of what's left of the cat's leg. Pulling it is what made the cat scream.

Bone dropped the amputation then picked up a piece of cloth and wrapped it around the nub of the leg.

"All done." Bone muttered.

Scourge sighed and separated from the now three-legged cat. He was impressed that Bone was so calm during something like this.

"Bone you will stick by my side and help with the rest of these cats. We have a long day ahead of us." Bone spoke.

Scourge nodded and awaited orders.

TIME SKIP

It was now dark and rain had decided to settle in. Most cats were resting while others guarded Scourge's alleyway. Bone decided to keep the cats in Scourge's alleyway so that way if the forest cats decided to attack again there would be more cats to defend the weak.

Bone was at on top of a dumpster watching the clan while Scourge was at the entrance of the alleyway guarding.

Scourge notice something moving in the distance. He thought he was seeing things, but the thing was moving closer and it was big. Scourge stood his ground as he was met by his worst nightmare.

"I would like to speak to Scourge." The scar-covered brown cat hissed.

"Who are you and what do you need him for?" Scourge asked.

"I certainly don't need to talk to the border patrol about Scourge's business." The brown cat growled.

"My business is Scourge's business," Scourge growled back.

"Scourge is a higher rank than you, correct? Let me see him." The big tom meowed.

Scourge just sighed and lead him to Bone. Scourge then sat to the side of the dumpster.

"I am Tigerstar leader of Shadow clan and I have a proposition for you."

Scourge froze. He just spoke to the cat that made him who he was. The cat he hated. The cat he wanted to kill.

"What is this proposition?" Bone asked.

"I will be battling all the other forest clans and I need your help. Fight beside me and you can rule the forest along my side." Tigestar meowed confidently.

Bone looked at Scourge. He hopped down from the dumpster and padded to him.

"What should I do?" Bone widespread.

"Do it. I'll tell you later why." Scourge growled.

Bone walked in front of Tigerstar, "Deal."

"The battle will be on the next full moon, meaning tomorrow night. Be prepared." Tigerstar meowed muttered and walked off.

"You heard him. You all will need to start adapting to your wounds. Figure out your advantages and disadvantages. Bloodclan will win this battle." Bone roared.

"Follow me." Scourge said and walked out of the alleyway. Bone trotted after them.

Scourge lead him into Bone's alleyway. It was a while since Bone had been in here... Especially since the whole mix-up.

"That cat that just came... I have met them before and he is no nice cat. He hurt me when I was just a kit. He was the reason why I

came into the city. The reason I'm like this is because of...
Him." Scourge spoke not noticing the tears pouring out of "his" eyes.

Bone never saw himself cry before, this was the first and he did not like this one bit.

"Scourge it's okay, we will just fight by him and after we win, I can kill him for you." Bone said looking up at Scourge.

"N-No, I need to kill him. I am not a kit anymore." Scourge sniffled.

Bone felt "his" heart shatter. Seeing Bone this upset and scared was painful. He knew the brave and terrifying Scourge, not the scared, and unconfident Scourge.

Scourge chuckled lightly, "Sorry about the tears-"

Scourge felt something warm against his muzzle. Fuzzy and warm. He saw his own muzzle pressed against Bone's muzzle.

Scourge melted and started kissing back. They then started fighting over dominance. Scourge won, but it was only because he was temporarily bigger.

Bone then pulled away and said, "Scourge... I love you."

"I love you too, Bone." Scourge purred.

All of a sudden scourge and Bone felt their souls lift out of their mux up bodies and pounded into their original.

"Ow, that hurt." Scourge whined.

"Yeah, you don't say." Bone hissed.

Scourge was lying on his back. He opened his eyes and looked at his paws.

"Bone were back to normal!" Scourge purred.

"Not really..." Bone hissed.

"What do you mean?" Scourge meowed.

"Ahem." Bone growled and pointed to his clearly visible boner.

"Oh. Sorry about that...?" Scourge shrugged.

"You're going to take care of that." Bone sneered as he toward over the small tom.

"Wait! Time out! Time out! Ti- Ah!"

Ayo whatcha doing Bone~

Anyway, I'm debating on if the next chapter should have a 'scene' or not. So if you guys want it then tell me. I will tell you, I have never written a 'scene' before so it might not be as good as your hoping for :'/

Btw, I have no idea if I spelled tendent (tendate , tendente ?) Right. Google did not help me in this case. T.T

Grammarly also be failing me too ngl ;-;

I hope you enjoyed this train wreck and my horrible misspelling if there is still some in there, again I really am sorry :D

A Night to Remember

[image]

"Wait! Time out! Time out! Ti- Ah!"

Bone started to lick Scourge's fluffy chest. Each stroke sent shivers down Scourge's spine. Bone began to move his way to Scourge's hips. Scourge was awaiting the warm feeling of saliva, but it never came.

Scourge starred at Bone. Bone was starring at Scourge's hips with a very serious face.

"Uh... Bone...?" Scourge squeaked out.

Bone looked up and met Scourge's gaze.

"Is there something wrong..?" Scourge asked.

"... You're just... Never mind." Bone said and began licking Scourge's hips.

"Ahhh, w-wait! Wha-AH! Were y-you gonna s-say?!" Scourge choked out.

Bone ignored Scourge's question and started licking Scourge's erected member.

"AHHH~"

Bone purred at Scourge's response.

"B-Bone, I'm gonn-"

"Do it!" Bone growled as he placed Scourge's member in his mouth.

"OHHHH~" Scourge meowed before ejecting.

He opened an eye, to his disappointment Bone wasn't covered in the

creamy white juice.

"Damn, it sucks being small." Scourge groaned.

Bone chuckled then starred at his throbbing member. He looked at Scourge's tail whole and...

"We should stop." Bone spoke.

"What the?! Why?!" Scourge asked jerking up.

"We have to battle tomorrow." Bone said.

Scourge hissed in protest.

"Don't be like that! You're making me feel guilty!" Bone hissed back.

"You should feel guilty! You got me all excited then say, " We should stop." Like what the hell?! And your still hard! Are embarrassed of something?! Cause I tell you right now, you don't got a micro dick." Scourge ranted.

"Ya done?" Bone asked.

"Yeah, but fucking answer me!"

"Just wait after the battle and go to your dumpster... Unless you're a dog?" Bone mocked.

"I'm not no fucking stupid brain-dead creature!" Scourge hissed and started walking to his dumpster.

"I gotta take care of this, I'll meet you there in a little bit! Bone yelled before looking down at his member.

"At least he thinks it's big... But everything to him is big." Bone thought.

Bone humped the side of the dumpster until he was soft again, then headed to Scourge's alleyway. Cats were giving him weird looks and that made Bone nervous.

He turned to one of the cats, "What's so interesting?"

"Oh uh, it's just that... You look very intense!" The cat smiled weirdly.

Bone rolled his eyes, flicked his tail, and proceeded to Scourge's dumpster. He was about to lean under, but then something grabbed him and pulled him behind the dumpster.

"Lilly? Midnight?"

"Since we are the Scourge simps we are in charge of making Scourge happy! After you took him somewhere, he was all sad and angry. By the way, congrats on switching!" Lilly said.

"He's just mad about the number of weak-"

"Stop lying." Midnight hissed.

"Huh," Was all Bone could say.

"You should sleep out here. Me and Lilly will be tending to our God." Midnight meowed and slipped under the dumpster.

"What he said!" Lilly also meowed and slipped under the dumpster.

"When did- How- He literally took you away from your mom and killed your brother! What god?!" Bone said trying to form a sentence.

"Whatever."

Bone curled up behind the dumpster. He closed his eyes and waited for sleep to take over him. Instead of sleep, thoughts and worries started to fill his head at what Tigerstar said.

Bone just pushed through it, it's Bloodclan for crying out loud. It should be fine right?

Right?

Yeah, it's gonna be a breeze.

We meet again...
Anyway HEWO ! So, I legit started writing this chapter right after Tigerstar10135 Commented cuz I have been ✧Lazy✧ For the longest time. Scourge opened his eyes. He looked down to see his one white paw and remembered last night.

He let out a sigh as he crawled out of the dumpster. He saw his clan getting ready for the battle.

"*How late did I sleep in?"* Scourge thought.

He saw Eagle talking to Midnight. Scourge marched over and upon arriving, Hawks gave him a small smile.

"Scourge!" Eagle meowed.

"What are you two discussing. " Scourge said while looking at the empty eye socket on Eagle's face.

"I was telling Midnight how this battle is going to go!" Eagle purred.

"You better not die."

"I will not, Scourge!" Midnight assured.

Scourge grunted and walked out of his alleyway. He spotted Bone going over weak spots.

"Remember to..." Bone stopped mid-sentence and stared at Scourge. Scourge did the same.

"Bone?" Hawks questioned.

"Huh? Oh uh, Remember to be on your guard and to watch your fellow clan cat's backs." Bone said while turning his attention back to his patrol team.

Scourge sighed. He looked down at his claws. He saw a shadow coming from behind him, he turned and was met by Tigerstar.

"Scourge... It's time."

Scourge looked over to Bone and nodded.

Bone went to go get the rest of the clan while the patrol team trotted over to Scourge.

Tigerstar leaned his muzzle towards Scourge's ear, "You won't regret this."

"I better not."

Bone came back and locked eyes with Scourge. Tigerstar started walking off and Scourge followed. Bone made sure no cats tried to sneak away. No matter what direction he looked his eyes always wandered back to Scourge.

~+~+~+

(My "The Rise Of Scourge" book is in storage so I don't really remember what Scourge said to piss of Tigerstar so ima just try, sorry if it's off :/)

"Bloodclan attack!" Tigerstar Roared.

Nothing. No cats moved.

"Tigerstar... Only I can control Bloodclan." Scourge said, his icy eyes glowed brightly.

"W-what!? You Traitor!" Tigerstar pounced towards Scourge.

Scourge angled his white paw and *SLICE*!

Tigerstar fell to the ground, his intestines spilled all over the green grass.

"I am Scourge from Bloodclan..." Scourge looked up from Tigerstar's motionless body, "Bloodclan attack!"

Bloodclan pounced forward as did the other clans. Scourge noticed how the cats avoid him, nice. He started attacking cats that were near him until he saw a similar face.

"Fang?" That was all Scourge could say before being pinned to the ground.

"Scourge..." Fang whispered.

Scourge noticed his collar was gone, "Where have you been?!"

"... Scourge, I was only in Bloodclan so I could be with you... but now... being in Bloodclan is pointless. Brick. Deal with him." Fang said as he got off of Scourge.

"Brick?" Scourge meowed.

"Hey, I am also no longer in Bloodclan."

"You traitor!" Scourge pounced and tackled Brick. Brick tried to scratch Scourge's eye but he ducked down too quickly.

Scourge opened his jaw, angled it towards Brick's neck then...

"Scourge, I'm sorry, I had the Kits... Two survived... I named one after you and the other after Bone... Please don't do this."

"Bone", Kept ringing in Scourge's ears and head. He leaped off of Brick and ran around looking for Bone.

He spotted Bone fighting... Fang. He saw Bone and Fang talking while battling, he tried to get closer, but a cat got in the way so he had to take care of it.

"*Bone... Be careful, please.*"

"I knew you liked him, You're a dick for keeping him all to yourself!" Fang hissed and scratched the side of Bone's face.

"Well he likes me, so that means he must be hella disgusted by you!" Bone hissed back and ripped Fang's ear off.

"He's probably taking pity on you!" Fang snarled and slashed Bone's side.

Bone prayed Scourge wasn't, "Then explain why he wanted to fuck me!" Bone snarled and pinned Fang to the ground.

"He just wants your dick, nothing more." Fang grinned.

"Ha, You wish!" Bone slammed his giant paw across Fang's neck."

"He... Could... N-never love... you." Fang grinned as his eyes slowly went dull.

Bone couldn't comprehend what Fang said, he was jumped by small cats. They clung to him like tics. He tried shanking them off. No use. They started digging their claws deeper into Bone's pelt. He yowled in pain. He didn't want to roll over cause his stomach would be exposed.

More cats came and clung to him. All of a sudden they dragged their claws across Bone's body. Bone yowled so loud, Twolegs in the city could probably hear him.

The cats released him, but he was so exhausted he fell over and lay on the green grass that was turning red from his blood. His vision became hazy. He saw a small figure running up to him. He recognized the icy eyes.

"S-scourge?" Bone coughed out.

"What did you do this time you dumb idiot?!" Scourge said as he nuzzled the side of Bone's face.

"You know... The usual..." Bone weakly smiled.

"You better not die on me, Bone!" Scourge meowed, tears falling down his eyes.

"... Do... You love me...?" Bone asked.

"What? Of course I do! Why would you ask that?!"

"... I love you too... I will always... Love you... Scourge..." Bone said looking at Scourge with a small smile before it started slowly falling.

"B-Bone?!" Scourge meowed.

"Bone! Don't leave me! I love you too much!"

Bone blinked one last time then, his eyes became a dull green.

"Bone! You selfish bastard! Don't leave me!" Scourge roared as he cried on Bone's chest.

"You know how it feels to lose your deputy now."

Scourge turned around to see Firestar.

"He wasn't just my deputy! He was my best friend and the only one who stole my heart!" Scourge said and pounced on Firestar. He glided his claw across his neck. He was dead.

Scourge felt numb. He saw Lilly and Midnight fighting beside each other. It reminded him of himself and Bone. Bone. He wished he

was faster so he could get to Bone in time. Scourge walked back to Bone's corpse.

Bone was many things. He was a good deputy. He was a great friend. He was sweet, funny, fun, and always made Scourge feel safe. Scourge feels lost now.

He's paralyzed inside. *THUMP*!

He's heartbroken. *WHOOSH*!

And... *SLICE*!

He forgot to keep his guard up.

Firestar sliced Scourge's neck. He watched as tears fell from Scourge's eyes.

"Scourge, I'm sorry about Bone... And your clan." Firestar said.

"Go... fuck... yourself." Scourge said before everything went black...

Forever and Ever

[image]

Scourge was falling fast. His eyes were closed. He was dead. For now.

He hit a rocky floor. He lay there for a couple of minutes before he opened his eyes and looked around. He was in some rocky mountains with a dirt trail in front of him.

He followed the trail, unable to think, he just followed and followed and followed.
He walked emotionless towards a field with the sun shining on the green grass.

"Scourge?"

Scourge blinked and turned around to see a familiar face.

"B-Bone?" Scourge said with a raspy voice.

"You know where we are?" Bone asked walking up to Scourge.

"Yeah."

Bone sat next to Scourge who was overlooking a valley full of cats playing and talking

"I can't believe this is our final destination," Scourge spoke.

Bone chuckled, "Heh, who would've expected?"

Scourge turned to face Bone, "You look good without that damn collar." Scourge commented.

"You look precious without yours, especially since you look like a regular cat now." Bone purred.

Scourge raised an eyebrow, "What do you mean?"

"Follow me."

Scourge followed Bone down the valley, they passed by cats of all ages that were happily talking and playing.

Scourge eventually saw a lake with more cats happily living their dead lives.

"Look in the water." Bone instructed.

Scourge peered into the water and starring back at him was a scourge who had no scars, no tiredness, and no vengeance.

"Cool right?" Bone meowed.

Scourge sighed, "Yeah..."

Bone was confused for a second then was pushed into the water.

"What- why?!" Bone meowed as he paddled furiously.

"That's for dying before me." Scourge sneered.

Bone climbed out, "Yeesh, could have just smacked me-"

"*SMACK*"

Before he knew it he was back in the water.

"Happy?" Scourge chuckled.

"Of course not." Bone muttered as he once again climbed out.

"So, what now?" Scourge asked.

Bone shook himself then walked over to Scourge. He wrapped his tail around him, "Whatever we want!"

"Whatever... We want?" Scourge said looking up into Bone's eyes.

"Anything, we could do it forever." Bone said leaning down.

"Forever and ever?" Scourge whispered.

"Forever... And... Ever..." Bone said before pressing his muzzle against Scourges.
